Hi – thanks for your email. Below is a listing go the GW program staff who work on UIC duties. Let me know if you have any questions.

Brian Walsh, Environmental Scientist Manager I

- Team lead for the GW Section / UIC Program Manager and Primary UIC Contact for DENR / Source Water Program Manager
- Point of Contact for Class III and Class V issues related to Powertech

Ryan Fitzpatrick, Environmental Scientist II

- UIC Class II Technical Lead (Permitting and Inspections)
- Class V reviews

Kayla Fawcett, Environmental Engineer II

- Class V Reviews

Georgina Smith, Environmental Scientist II

- Class V Reviews

Matt Hicks, Environmental Scientist III

- Matt does not regularly work on UIC issues but could be pulled in if needed
- Matt is the primary contact for Powertech's Ground Water Discharge Plan application

A couple of additional comments:

- Please continue to have all Class V review requests and notifications come through me. That way I can keep track of what is coming in and out.
- For all of us – UIC is only a portion of our duties. We also work on spill cases, Ground Water Discharge Plans, Feedlots, Source Water, Pipelines, Environmental Assessments and other duties as assigned.

Hope this helps!

Brian

Hi Brian: We concur with these changes so please proceed with submitting them to your PPA folks.

Also, if you have a current list or chart of DENR GW program staff whose position include any UIC Class II and V-related duties, it will be helpful for our Regional staff to know their names and respective UIC duties.

Thanks,

Douglas

Gentlemen – thank you for your email. I've made some changes in the Class V section to address your comments. Please take a look and let me know if you have any questions. My internal PPA deadline is 9/1 so if I could get your thoughts by the end of the week that would be great.

Also – I have taken over Tom's position as the Team Leader for the GW Section which includes being the UIC Program Manager. Markley's Program Administrator position remains open.

Thank you!

Hi Brian: we have reviewed your suggested revisions and generally agree with them.

We have also included a few of our own in the Class V section.

Let us know what you think,

Douglas

Good afternoon,

Attached please find a Draft copy of DENR's PPA Section 3.6 for your review. I've made a few proposed changes to some of our UIC items and would like you both to review them before I move it up the ladder here.

Please let me know if you have questions or comments. FYI – I am out of the office tomorrow (7/28) but will be in next week.

Thanks,

Brian J. Walsh | Environmental Scientist III | SD DENR
